Re: Timetables Rockstars

All students in years 7 and 8 have now been issued their Timetable Rockstars login details. As a school, we know the importance of having a solid knowledge of multiplication tables and Timetable Rockstars is a fun way to learn and practice them.

Every maths lesson, students have 5 minutes in which to practice one or more multiplication tables, and we would love it if you would encourage your son/daughter to practice them online at home too. They can earn certificates with their Rock Status and are able to 'purchase' merchandise from the shop to dress up their avatar with the coins they earn every time they play.

We know from previous years that students enjoy using the platform and that their timetables knowledge will become stronger very quickly with regular use.

All students should have their login details written inside their planners, but if they do forget, any of the maths team can find them.

Thank you for your continued support.

Yours faithfully

Mrs R Dray
